

Installation instructions

1. Open the top cover, The wheels are mounted on the opposite end of the top cover.

2. hold the bamboo tube and the wheel with both hands, Use inertia to drive the wheel into the tube

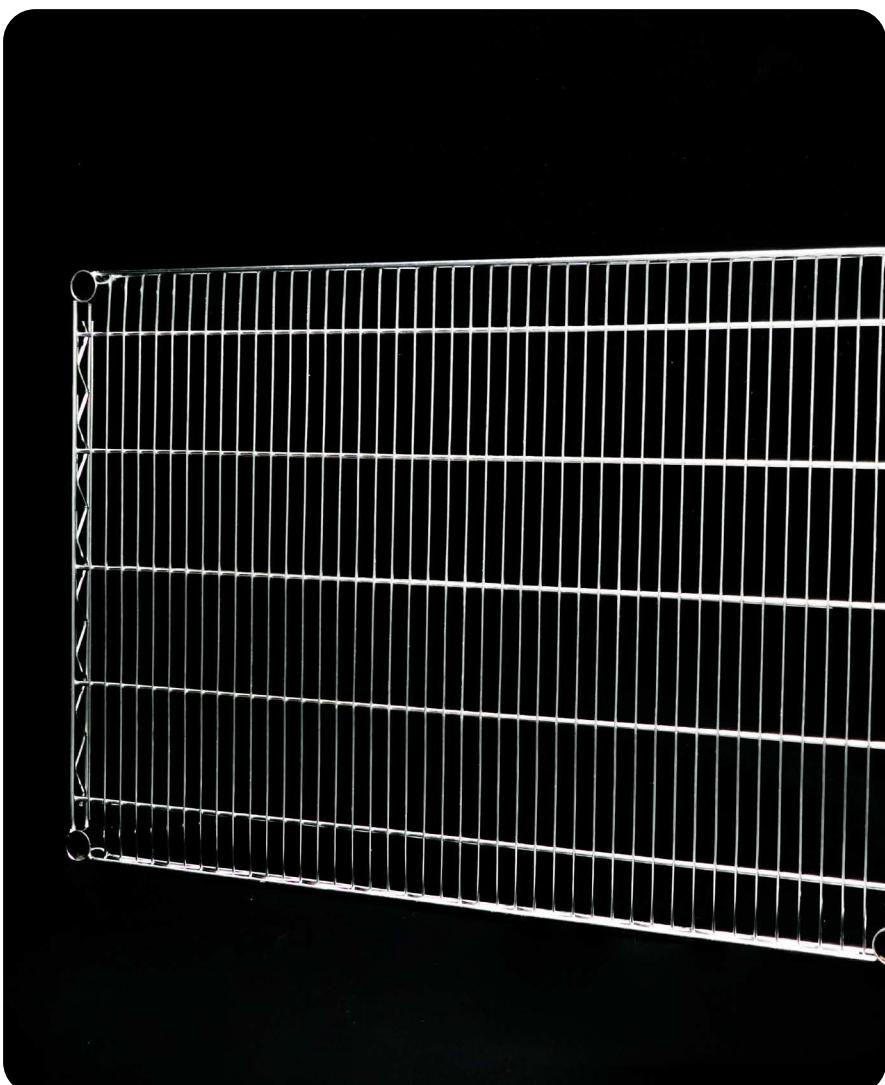

Note: The raised part of the clip And the grooves of the bamboo tube need to be clamped

Note: The clip can not be installed upside down! Buckle arrow facing up.

3. Install the clip Buckle in the same position

4. place the mesh on the ground side

5. Insert the tube into the cone sleeve separately.

6. insert the remaining bamboo tube in turn, Need to tighten, not loose.

7. Stand up the shelf and install the clip buckle in the required position.

8. Insert second mesh from top.

9. Repeat steps 7 and 8 to complete the remaining mesh.

Note: After the shelf cart is installed, the top rubber plug cover needs to be reinstalled.
